REPORT BY SAINT GERMAIN ON ACTIVITIES IN THE ROCKY MOUNTAIN RETREAT - JUNE 29th and 30th, 1953

Beloved Friends:

Again, through the cooperation and balance enthusiasm of your lifestreams, We are enabled t establish a precedent this evening as the Grea half-yearly Council convenes for the presentation of the lifestreams who received the grant last year.

The balance of energy required by the Cosmic Law to promote a more than ordinary World Cause forms the measure of all dispensations granted by the Lords of Karma. From Our Octave, We are permitted to design various plans whereby the evolution of the race may be accelerated. However, it is a requisite of the Law that We must secure the interest, cooperation and voluntary support of some members of the human race, yet unascended, in order to set aside certain restrictions which limit Our freedom of action in the sphere of life which is not Our natural habitat.

These various petitions and designs are always presented to the Karmic Board and the half-yearly Council. At inner levels, some members of the human race respond and offer to cooperate with the Masters' individual or collective plans. The Lords of Karma examine carefully the capacities of these volunteers to see if their energies can be utilized practically, and if their instruments

of expression (inner and outer bodies) are sufficiently developed and reliable enough to count on fulfillment of the Vow taken by them in the fuller freedom of the Inner Levels. Upon the number of individuals who volunteer to assist the Master in a particular Cause, and upon the evolution and development of each volunteer, is the grant or dispensation given or withheld. Some of the Beloved Brothers receive a tremendous response because individuals are vitally interested in their projects - like the annihilation of war; while other Members of the Brotherhood receive little support because Their plans and projects do not appeal to the personal selves of mankind; the selfishness of the personality (which is part of the etheric envelope also) does not prompt even a passing interest by such lifestreams. Thus, when a proposal is made and the Lords of Karma ask for backers among the human race, no one responds, and the Petitioner is forced to place His hopes upon the shelf, hoping that at some future time He will be able to impress some individuals with the importance and possibilities of His Cause.

The days before the Lords of Karma take Their places are given over to the Brothers that They may post Their petitions and further Their Causes as best They can. Small Council Chambers are placed at Their disposal and certain chelas are invited to sit with Them and study the merits of the various plans. Thus, before the night of the Great Council, the individual Sponsor knows fairly well what response He can expect from mankind, and also what support He will receive from the Karmic Board. There is always hope, however, that when the actual petition is read, those attending will become interested enough to back His Cause, and when the Karmic Board asks: "Who, among un-

ascended mankind, will assist you?", there will be enough to warrant the Master's receiving permission to at least try to externalize His Plan.

As the students have become conscious of the service being rendered at these half-yearly Councils, and they have added the petitions inspired by their hearts and spirits, the Masters often incorporate the students' petitions into Their own and 'adopt' such petitions, offering to give the support of Their own hearts to the presentation of such petitions to the Assembly.

The Messenger from the Great Central Sun is empowered by that Central Intelligence to release from the Cosmic Storehouse of Energy an equivalent amount of Universal Light Energy to that offered to the Masters through the mankind of Earth, which doubles the power invested in any Cause or Design.

BUT, for the first time since the veil of maya closed the inner sight and hearing of the human race, We experienced, last evening, a release of energy from mankind simultaneously with the promulgation of Our Plans, which enabled Us to pass, with merit, 100,000 of the 200,000 lifestreams who were chosen for the first wave of spiritual impetus in the Cosmic Christ entrance into the outer consciousness of the race.

This brought to mind a new and wonderful opportunity; for if unascended beings would choose to give their energies at the same time We are presenting the petitions to the Lords of Karma, wave after wave of harmoniously qualified God-Life flowing from the hearts of mankind would bear witness to mankind's willingness to stand behind every design and plan that the Brothers might

present. Then the Lords of Karma could not, in good conscience, refuse any such petition, and tremendous dispensations and grants could be effected.

Thus, tonight, as the Masters prepare for Their audience before the Karmic Board, We are opening the great channel of energy from the class, and the full-gathered Cosmic Momentum of your many years of service is being drawn through your decrees and flooded into the Great Assembly Hall, not only for the awakening of the 200,000, but for every dispensation that appears to have merit in the Eyes of God. Remember that all the momentum of every decree, every song, every visualization you have ever made is added to your application of this evening, and then the Central Sun is giving a balance of the same amount of Victorious Christ Energy which is Pure God Force.

It is one thing for the students to be totally unconscious of what We are doing currently, which has been the case for the past years, but it is a great step-up when the students consciously know where We are, and engage (as in the Transmission Class) in cooperating with Us at the same time the activity is in session, but this third development where you are working simultaneously with Us in the accomplishment of current events, at the same moment, signifies the greatest spiritual milestone of this era, and within it is the hope of an absolute unity between Our Work and yours - stimulating your endeavors by the certainty of accomplishment, and Ours by the joy of knowing that We can secure energy, when the Law requires it of Us, from mankind.

May I point out that We can do much from this

end, but the Law requires the interest and energy from yours, and it was the Christ Selves who drew the small number of lifestreams into that particular Sanctuary last evening where the release of their energy, at the psychological moment it was needed, has given birth to this marvelous opportunity of Ascended and unascended beings working together simultaneously and bringing forth such unprecedented results.

In order to present this Bulletin in proper sequence for your understanding, let Me explain that on the evening of June 29, 1953, a small number of chelas gathered together in their Sanctuary to do some decree work on certain activities which they knew were in session at the great half-yearly Council, but were not aware that they were offering their energy at the precise moment it was needed by their Ascended Friends in order to promulgate a certain Cause presented to the Lords of Karma by these great Brothers for the benefit of mankind. This unpremeditated simultaneous action on the part of the students gave rise to an opportunity similar to the idea of the united action in the Transmission of the Flame, whereby if the students can be notified, beforehand, of any event requiring simultaneous action between Masters and chelas, and they choose to offer their energies at the precise moment it is required, it would have a tremendous effect upon future accomplishments through cooperative action. Now I will let Saint Germain present the balance of His report.

MAHA CHOHAN

June 29th, 1953 - 10:30 p.m.

May I congratulate you on a magnificent activity here tonight! I would like to show you how close you have come, in your outer consciousness, to cooperation with Our endeavors. When you began your Class this evening, Serapis and I were sitting in the Council Chamber provided by the Brotherhood at the Retreat, where He might interview the 200,000 lifestreams He had sponsored before the Karmic Board, to find what merit may be offered on their behalf at the meeting tomorrow evening (June 30th). Serapis said: "If I only had some energy to use!"; and just then the pulsebeat of the decrees from your Class began. I slapped My hand on the table and said: "There is your energy!"

Before this energy was released, only 10,000 of the 200,000 had qualified, but through the tremendous release of energy in your decrees, the number was increased to 100,000. Just then, Kwan Yin came to the door and said: "I do not come in an official capacity as Spokesman for the Karmic Board, but I can tell you that We do not require that the outer selves of the 200,000 be completely awakened and consciously cooperating with their Christ Selves. If you can show that they have even a 'spark of interest' in spiritual Truth, We will pass them and increase the grant for the balance of the year." Upon examination, the Christ Selves of these people showed that the difficulty was due to the impurity of the inner bodies and the turmoil in the emotional bodies, and if these could be purified by the application of the Sacred Fire, it would be possible for the Christ Self of each one to register through the brain and into the outer consciousness. So, to Our joy and the

happiness of all concerned, the 200,000 passed through.

I congratulate you for having your 'lamps filled with oil'; for truly no one knows 'at what hour the Bridegroom cometh', and in the days and years ahead, many opportunities will arise when We will be able to so contact you without previous notice.

Beloved Friends of My Heart:

You know, tonight, seventy thousand years does not seem such a long time since you and I pledged each other, at the close of that civilization, to endure, and through the Power of Light within your hearts, you have passed through the shadows of the intervening centuries and have not been found wanting. It will give Me great happiness to report to you later on the results of your endeavors tonight. Thank you.

Your Higher Self is a real and tremendous Being of Light, Power, Dignity, Beauty and Freedom. When you feel your heart beating, think that the energy that beats it has flowed from that Being to sustain your body's life.

Now that beautiful and perfect Being has a Plan and Design for your lifestream which It has endeavored to fulfill for several million years. Age after age It has provided you with a strong and beautiful body and endeavored to manifest through you the Design which God the Father desired that your Presence fulfill.

Again you are in possession of a vehicle provided by this Presence, and I would counsel that you turn to that Presence and listen to Its promptings through your heart. This will require a certain relinquishment of your consciousness to the passing things of Earth.

If you can and will make this effort, you will find that the Divine Teacher will set your house in order, and things will progress to a point where you will become of greater help and assistance to those around you. This must come for every man, every woman, every child, for it is preordained by Life; but we can press that day if we are wise.

The Ascended Master is always in complete control of all the energy of His lifestream, and the vibrations passing from His thought and feeling world always express the harmony of His Keynote. They are always in agreement with the Divine Law of Love, which is the consciousness of the
